

We have a number of exciting opportunities available within our Statistical Programming organization. I'm hoping that you can share my contact information with your professional network.

At Pharmacyclics, we are always seeking accomplished professionals to join our teams. Pharmacyclics, a wholly-owned subsidiary of AbbVie, is focused on developing and commercializing innovative small-molecule drugs for the treatment of cancer and immune-mediated diseases.

At this time, we have several unique opportunities available within our Statistical Programming organization. If you know any professionals that are fluent in R, Python, and/or Ruby Programming Languages. I would love to connect with these professionals through your network, to share information about these opportunities, and about some of the exciting changes that are taking place within Pharmacyclics.

These opportunities are based out of Sunnyvale, CA.
